RE: Site Use and Access Agreements for BayWEB

Dear Mark Anthony:

As per your request, this letter apprises you of the status of Marin County's work on Site Use and Access Agreements. COMMUNICATION SERVICES 473-7243

We had a meeting with the Motorola team on November 16, 2011 to discuss the steps needed to move forward with the BayWEB project in Marin. Together we have identified 15 sites for a system in Marin, with 3 of the sites owned by the County. Marin County is the only Marin agency that is a member of BayWEB, and it is expected that the County will need to take a leadership role in implementing the system countywide. CORONER 473-6043 COURTS 473-7393

At the meeting, we discussed the need to secure leases, CEQA environmental compliance, and local agency permitting needs. We also discussed the grant-funding deadline constraints with 2/3 of all installation work having to be completed by July 2012, and all work having to be completed by July 2013. Based on our understanding of the project needs from the County and these timeline objectives, we believe it will not be possible for Motorola to meet the construction deadlines. EMERGENCY SERVICES 473-6584 INVESTIGATIONS 473-7265

We remain in full support of the interoperable public safety communications objectives of the Bay RICS JPA, and support implementation of the BayWEB project in those jurisdictions that can meet the timelines. Unfortunately we are unable to do so at this time. We look forward to partnering with other Bay RICS JPA members on future phases of the BayWEB system, should additional funding become available. JAIL 473-6655 MAJOR CRIMES TASK FORCE 884-4878

Sincerely,

Rick Navarro
