## **EXHIBIT “B”**

### **FEEES AND PAYMENT SCHEDULE**

- A. In no event will the cost to MERA for the services to be provided herein exceed the maximum sum of one hundred sixty seven thousand dollars (\$170,200) in any one fiscal year unless modified in writing by agreement of both parties.
  
- B. The estimated cost for the services is estimated to be \$14,183 per month for an annual amount of \$170,200. Communications Engineering Services costs shall be adjusted annually to reflect the increase during the preceding year in the “Consumer Price Index for all Urban Consumers in the San Francisco-Oakland-San Jose Consolidated Metropolitan Statistical Area”, as published in the October of each year by the U.S. Department of Labor Statistics. The adjustment shall be rounded to the nearest five sent increment. The proposed CPI increase will be forwarded to MERA during the month of February of each year.
  
- C. Fees for Services as listed in the Scope of Work represent a joint estimate by MERA and County as to the likely level of efforts required. Fees shall include all such services provided by County on behalf of MERA as a result of claims, or changes in the work, which would otherwise make County fees exceed the monthly projected amount, but not to exceed the \$170,200 contract maximum.
