

NEXT GENERATION PROJECT **July 2020 Governing Board UPDATE:**

- **Next Gen Project Transition from County to MERA**

The Governing Board actions to facilitate transition from County to MERA Implementation have been completed. AECOM is transitioning into the project and the recruitment of an Implementation Coordinator is in progress.

- **CDR Review**

MERA forwarded 135 issues to Motorola to review and Motorola has already agreed to correct 127 of those issues. The 8 remaining issues are under review. Once these issues are fully addressed and the Project schedule is finalized, the Customer Design Review package will be forwarded to the Governing Board for approval.

- **AFG Grant**

Marin County Fire agencies received a federal Assistance to Firefighters Grant that is allowing us to upgrade all fire agency radios to Tri-Band radios at no additional cost to MERA. In fact, MERA will see some savings to the project budget as a result. The portable radios have already arrived, and the mobile radios are being shipped.

**Our MERA team relies on the input and participation of all our 25 member agencies!
Please be sure to share the above Project update with others at your agency.**
