

Radio Interoperability Memorandum of Understanding (MOU)
between the California Department of Corrections and Rehabilitation, State
Parole and Office of Correctional Safety and MARIN EMERGENCY RADIO
AUTHORITY

The Marin Emergency Radio Authority (“MERA” or “Grantor”) and California Department of Corrections and Rehabilitation (CDCR), State Parole and Office of Correctional Safety _____ (_____ CDCR, Parole-OCS _____ or “Grantee”) enter this Memorandum of Understanding (“MOU”) dated March 1, 2024 by which MERA provides to Grantee permission to operate Grantee’s hand-held and installed mobile radios on MERA’s P25 radio system known as the MERA Next Generation Communications System (the “System”) for the purposes and according to the terms and conditions specified in this MOU.

1. Term of the MOU. This MOU shall become effective on the date it is fully executed by both parties, and it shall remain in effect until December 31, 2030 unless terminated pursuant to Section 24 of this MOU.
2. Purpose. This MOU is to provide for radio interoperability required in the field for Grantee’s authorized personnel to communicate with Members and Participants of MERA with whom its personnel work on a regular and recurring basis within Marin County.
3. Authorized Personnel. Only Grantee’s personnel are authorized to use the programmed radios and transmit on the MERA talkgroups and channels under this MOU, and Grantee shall prevent any unauthorized personnel from using those talkgroups and channels.
4. Authorized Use. Grantee’s authorized personnel may use the MERA talkgroups and channels only (1) when working with MERA Members or Participants on or during joint operations, (2) during Priority 1 circumstances as defined in the CLEMARS system priority guidelines (disaster and extreme emergency operations for mutual aid and interagency communications), and (3) during Priority 2 circumstances as defined in the CLEMARS system priority guidelines (emergency or urgent operations involving imminent safety of life or protection of property). With the prior approval of MERA, Grantee may also use the MERA talkgroups and channels for training purposes during joint training events with MERA Members or Participants.
5. Talkgroups and Channels. This MOU authorizes Grantee and its authorized personnel to access and transmit on the following talkgroups and channels, MERA (Regional Interoperability) Talkgroups: NB-CALL, NB-INT1, NB-INT2, NB-INT3, NB-INT4, NB-INT5. This MOU also allows access and use of the MERA Law Enforcement Command Channels (Blue). Access to the Conventional Gen One channels will be allowed based on existing agreements and agreed upon programming until such time that the transition to the Next Gen System occurs.

6. Radio Capabilities. Grantee must obtain its own radios capable of operation on a Motorola Phase 2 Digital TDMA P25 system with the most current version upgrade installed in order to access talkgroups on the System. FDMA Radios will not be permitted for use on the MERA Next Gen System.
7. Radio System Maintenance and Upgrades. Grantor may perform periodic system upgrades and/or decommission parts of the System. Grantor will make best effort to ensure the System is backward compatible with Grantee's radios, however, Grantor cannot guarantee that the Grantee's radios will be supported throughout the life of the MOU.
8. Radio Programming. Grantee shall ensure all programming is done with an authorized System Key, and is coordinated with the County of Marin Radio Shop to ensure accuracy. Grantee shall be responsible for all maintenance and repair costs for its radios used under this MOU.
9. Radio Identification Sheet. Grantee shall provide the Marin County Radio Shop with a completed Radio Identification Sheet that includes information on every radio used under this MOU, so Grantor can properly identify transmissions and radio IDs of Grantee's subscriber units and personnel accessing Grantor's network if needed. The Radio Identification Sheet shall include the following information:
 - a. Agency
 - b. Radio Brand
 - c. Radio Serial #
 - d. Radio ID #
 - e. Radio Alias
 - f. Radio Call Sign
 - g. Radio Assigned To: Name (Last, First, MI)
 - h. 24/7 Person Of Contact for any issues with the Radio

Grantee shall provide an updated Radio Identification Sheet to the Marin County Radio Shop within 15 calendar days of any changes, including retirement of radios, substitution of radios, or changes in authorized personnel currently assigned to a radio. This agreement will cover **** portable radios and ***** mobile radios to be listed on the Radio Identification Sheet.

10. Lost or Stolen Radio. In the event that a radio programmed for access to the System is lost or stolen, Grantee shall immediately, and in any event no later than 24 hours, contact the Marin County Radio Shop and advise them of the Radio ID number assigned to the lost or stolen radio for deactivation of access to the System. If the radio is subsequently found, Grantee shall notify the Marin County Radio Shop and the radio may be enabled again for operation on the System if the original radio has not been subsequently substituted on the System by a different radio.

11. Radio Identification. Grantee must ensure its personnel identify themselves on the radio channel using the call sign provided in the Radio Identification Sheet.
12. Patching Prohibited. Grantee shall not permit its personnel to use frequency bridging equipment, a dispatch console, or any other mechanism to “patch” or link any MERA talk groups to any other system, channel, sub-system or communications bridging equipment.
13. Notification to Local Jurisdiction. Grantee agrees that prior to any activity within a MERA Agency jurisdiction notification will be made to the appropriate dispatch center.
14. Communication Over Radio. Grantee agrees that its personnel will use plain language when communicating on MERA talk groups. In the event of inappropriate language or behavior, or misuse of the radio system by any of Grantee’s personnel, Grantor may revoke and disallow that individual from accessing the System, or may terminate this MOU and disallow all of Grantee’s radios from use within the System. If this should occur, Grantor shall notify Grantee in writing of this revocation prior to deactivation.
15. Disabling Radios. Grantor may disable a Grantee radio temporarily or permanently in Grantor’s sole discretion. Examples of when Grantor may determine to disable a radio include, but are not limited to, (1) the radio is malfunctioning, (2) Grantee’s authorized personnel assigned to that radio is using the radio in violation of this MOU, or (3) the radio is in any way interfering with the Grantor’s communications.
16. CLETS Transactions Prohibited. Grantee will not run or request to run any CLETS transactions on the System. Should Grantee require a CLETS transaction, it will switch to its primary channel to request the transaction through its agency ORI.
17. Access to MERA Records. If Grantee seeks access to MERA records regarding radio transmissions, it shall submit a written request to the MERA Executive Officer. The request shall specify the CAD or incident number (if known), the date and location of the incident, and the name, phone number and address of a Grantee contact who is authorized to obtain the information. Grantee agrees to treat any unredacted material as confidential, to the extent permitted by law, and to use any records it obtains only for official purposes.
